Feel like a real explorer and travel with us to the heart of the Karst region and explore the Skocjan UNESCO caves, an underground marvel and the largest known underground canyon in the world.

The beauty of the caves is enhanced by multi-coloured stalactites and stalagmites of various shapes including curtains and limestone pools. Walking through the cave you will enjoy many waterfalls and underground halls.

In the afternoon part of the visit you will enjoy the scenic ride to the most charming town on the Slovenian coast – Piran. A walk through its narrow medieval streets wedged between beautiful houses, churches and squares will take you back to the medieval times. Take your time to enjoy the breeze that blows from the sea and to admire the main square named after a famous violinist and composer Giuseppe Tartini. You will certainly enjoy the small-town ideal to wander around for a coffee, cake, gelato or some good fresh seafood.

Visit the Unesco heritage listed Škocjan caves, a majestic underground river canyon, and let it take you to world of fantasy. The exceptional volume of the underground canyon is what distinguishes the Škocjan Caves from other caves and places and is easily placed among the most famous underground features in the world. In the afternoon enjoy a scenic ride towards the Slovenian coast. Stop at Socerb castle for breath-taking views of the Slovenian coast and the Gulf of Trieste. Once in Piran you will discover the most romantic and picturesque coastal town. Piran is a tourist highlight of the Slovenian coast, strongly

influenced by the old Venetian Republic. The main square is named after Giuseppe Tartini, a famous violinist and a composer who was born in Piran.

Highlights: Škocjan UNESCO caves • Socerb Castle • picturesque Piran • Piran wall • Tartini square •
